Boston's Run To Remember • May 26, 2019

1ST RESPONDER CHALLENGE FACT SHEET

A key component of Boston's Run To Remember race is the 1st Responder Challenge. This is a team event for the half marathon with a cash prize for the 3 fastest teams overall, the top small department team and the top military unit team. To compete, any 1st Responder department from across the country can field a team of 5 or more active members to run the half marathon. There is no limit to the size of your team. A department can also field multiple teams. We want departments to participate to show support and to be a part of the tribute, regardless of what the team pace is.

1st Responder Challenge benefits:

- The top teams from Police, Fire or EMT Departments, will earn a donation to a charity of their choice
- We will circulate a media release announcing the winning departments and the charity they support
- A trophy will be provided to each top department and top three males and females in the challenge
- Teams registered by May 1st will be listed on the 1st Responder Challenge Banner
- Each team member will receive a special limited edition commemorative Challenge Coin

Prize Money for the 2019 1st Responder Challenge

\$10,000 Cash prize to be split among top 3 teams

1st Place – \$5,000

2nd Place – \$3,000

3rd Place – \$2,000

\$1,000 cash prize awarded to the top small department team (departments with less than 250 active 1st Responders)*

\$1,000 cash prize awarded to the top military unit (members must be from the same unit)*

*there must be at least 3 teams in each category for a prize to be given. Prize money is not accumulative. One cash prize per department.

Here are the key requirements for the competitive teams:

- Each competitive team must have at least 5 runners
- The top 5 runners must be sworn, active 1st Responders at the time of the race
- Each runner must register individually
 - It is ok to have a sponsor pay for the registration fee for the team members. If this is the case – have each team member fill out a paper application from the race website. They can be mailed in by each officer, with a note stating who the payment will be coming from, or as a group. Only paid applications will be entered into the race database and receive race entry
- Prize money is only awarded to teams competing in the Half Marathon
- The 5 fastest runners on each team will have their time averaged to determine the fastest teams
- When registering, select 1st Responder Half Marathon, click on join a team (or create a new team if your department is not listed) and select or type in your department name. Then, answer "yes" to the question "Are you a 1st Responder?" and choose or enter your department/team name
- Contact us at Brigit@BostonsRunToRemember.org with any questions

Additional information is available through the race website at www.BostonsRunToRemember.org
